

# Manual EU-robotics Members Profiles

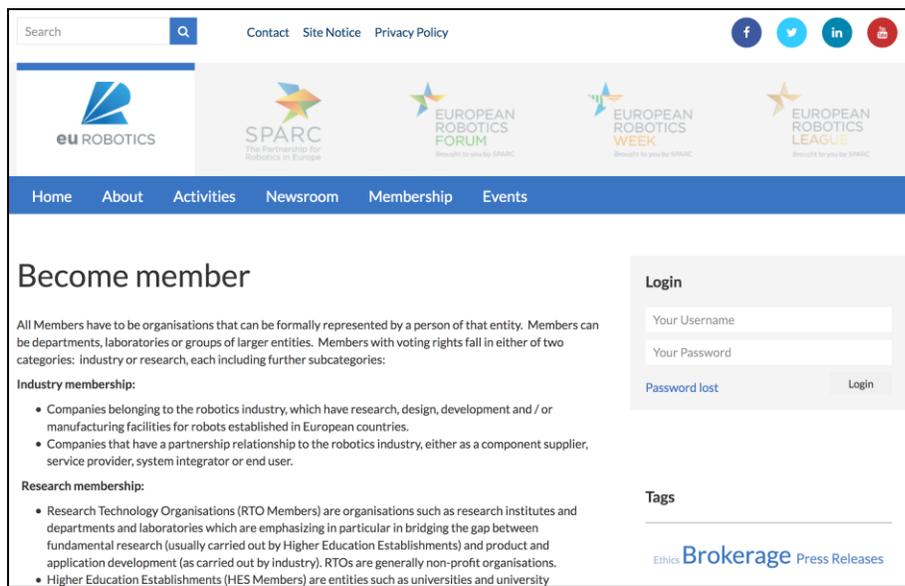

## Introduction to login and maintenance

<https://www.eu-robotics.net/eurobotics/membership/how-to-create-my-organisations-profile.html>

Login: Your registered E-mail-address  
Password: Create a new one by clicking on password lost link.

The organisation profile includes general information about an organization, and a specific description of activities related to robotics. The entry should be written in a way that

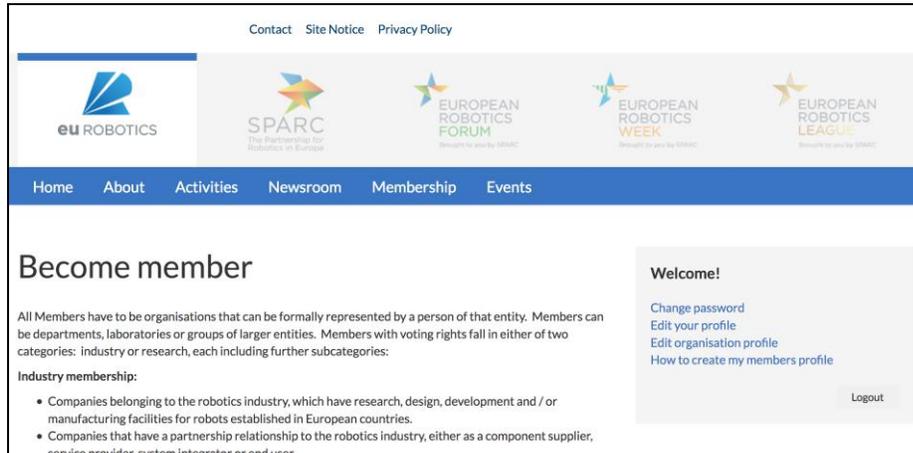

- the information provided is not confidential
- the use within public parts of our web portal is granted
- it is specific to robotics-related activities
- some parts of it are updated regularly (e.g. product information)

The screenshot shows the 'Become member' page on the eu-robotics.net website. The page features a search bar at the top left, a navigation menu with links for Home, About, Activities, Newsroom, Membership, and Events, and a header with logos for eu ROBOTICS, SPARC, EUROPEAN ROBOTICS FORUM, EUROPEAN ROBOTICS WEEK, and EUROPEAN ROBOTICS LEAGUE. The main content area is titled 'Become member' and contains text explaining membership requirements and categories. A login form is visible on the right side of the page, with fields for 'Your Username' and 'Your Password', a 'Login' button, and a 'Password lost' link. Below the login form, there is a 'Tags' section with a link for 'Ethics Brokerage Press Releases'.

## Screen after successful login:

On the right hand-side you find the relevant links to work on your organization profile and personal data.

### Become member

All Members have to be organisations that can be formally represented by a person of that entity. Members can be departments, laboratories or groups of larger entities. Members with voting rights fall in either of two categories: industry or research, each including further subcategories:

**Industry membership:**

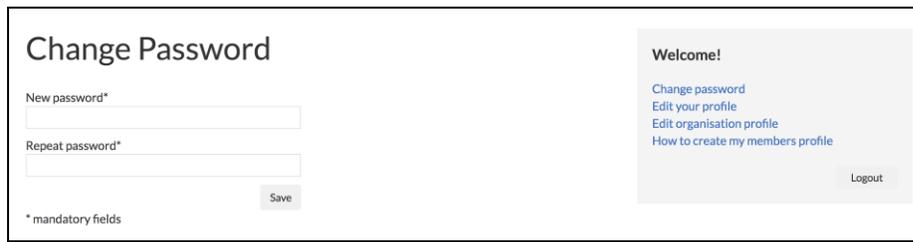

- Companies belonging to the robotics industry, which have research, design, development and / or manufacturing facilities for robots established in European countries.
- Companies that have a partnership relationship to the robotics industry, either as a component supplier, service provider, system integrator or end user.

After you selected your organisation's logo, click upload. After you filled in the form, please confirm the data by clicking on Save-Button. Then scroll down for further information about your organisation's fields of activity.

## Keyword search configuration

This form helps people find your company within the search by Area (field of work) or Interests. Please tick all fields want to promote, even beyond the main business fields.

### Keywords

Area	Interests
<input checked="" type="checkbox"/> Agricultural and Food Robotics	<input checked="" type="checkbox"/> Aerial Robots
<input checked="" type="checkbox"/> Civil Robots	<input checked="" type="checkbox"/> AI and Cognition in Robotics
<input type="checkbox"/> Construction Robots	<input type="checkbox"/> Autonomous Navigation
<input type="checkbox"/> Field/Service Robots in unstructured Environments	<input type="checkbox"/> Benchmarking and Competitions
<input type="checkbox"/> Harsh Environment Robotics	<input type="checkbox"/> Bio-Inspired Robots
<input checked="" type="checkbox"/> Healthcare	<input type="checkbox"/> Education and Training
<input type="checkbox"/> Industrial Robotics	<input type="checkbox"/> Entrepreneurship
<input type="checkbox"/> Laboratory Robots	<input type="checkbox"/> Ethical-Legal-Socio-Economic Issues (ELS)
<input type="checkbox"/> Logistics and Transport	<input type="checkbox"/> Marine Robotics
<input type="checkbox"/> Maintenance and Inspection	<input type="checkbox"/> Mechatronics
<input type="checkbox"/> Mining	<input type="checkbox"/> Miniaturised Robots
<input type="checkbox"/> People Transport	<input type="checkbox"/> Natural Interaction with Social Robots
<input type="checkbox"/> Robot Companions for Assisted Living	<input type="checkbox"/> Perception
<input type="checkbox"/> Socially Intelligent Robotics and Societal Applications	<input type="checkbox"/> Physical Human Robot Interaction
<input type="checkbox"/> Space Robotics	<input type="checkbox"/> Safety
<input type="checkbox"/> Wearables	<input type="checkbox"/> Software Engineering, System Integration, Systems Engineering
	<input type="checkbox"/> Standardisation
	<input type="checkbox"/> Telerobotics and Teleoperation

After you filled in the form. Please save and the go to the next point. It is nearly done now. You are on a good way.

## Description and Activities of your organisation

This description help visitors of our members profiles to understand what you do. Please provide a text that help visitors to understand, if you can be the right partner for their purposes.

You can even upload pictures and add links to videos on YouTube or Vimeo.

### Description

Far far away, behind the word mountains, far from the countries Vokalia and Consonantia, there live the blind texts. Separated they live in Bookmarksgrove right at the coast of the Semantics, a large language ocean.<br /><br />A small river named Duden flows by their place and supplies it with the necessary regelialia. It is a paradisematic country, in which roasted parts of sentences fly into your mouth.<br /><br />Even the all-powerful Pointing has no control about the blind texts it is an almost unorthographic life One day however a small line of blind text by the name of Lorem Ipsum decided to leave for the far World of Grammar.

### Activities

The Big Oxmox advised her not to do so, because there were thousands of bad Commas, wild Question Marks and devious Semikoli, but the Little Blind Text didn't listen. She packed her seven versalia, put her initial into the belt and made herself on the way.<br /><br />When she reached the first hills of the Italic Mountains, she had a last view back on the skyline of her hometown Bookmarksgrove, the headline of Alphabet Village and the subline of her own road, the Line Lane. Pityful a rethoric question ran over her cheek, then
