Call for hosting
European Robotics Forum 2022
Deadline: 30 June 2019

1 INTRODUCTION
euRobotics aisbl is a Brussels based international non-profit association for all stakeholders in European robotics. With more than 250-member organisations, euRobotics also provides the European Robotics Community with a legal entity to engage in a public/private partnership with the European Commission, named SPARC.

1.1 Project Goals and Objectives
After its start in San Sebastian in 2010, this annual event has quickly become the most influential meeting of the European robotics community.

Between 800 and 1000 researchers, engineers, managers, and a growing number of entrepreneurs and business people from all over Europe come together to discuss topics and contents which has an immediate impact on the road mapping process for robotics in Europe. Since 2014, ERF has also hosted a very successful robotics exhibition that has been growing ever since.

1.2 Purpose of this Invitation to Host
The overarching purpose of this call location is to identify interested parties who are willing to co-organise with euRobotics aisbl, the European Robotics Forum. We are therefore searching for committed organisers who can create a dynamic mixture of workshops, exhibition and social events to bring together the European Robotics community. We encourage all potential organisers to think creatively about their solutions to communicating the positive impact of robotics to the public.

2 APPLICATION FORM
Applications should include the following information to be used for the evaluation:

### 2.2. Co-organisation commitment

- I will work closely together with the staff of euRobotics aisbl during the preparation of the ERF2022.
  - The proposal acknowledges that I commit to this cooperative style of organising the event.
  - Yes (tick the box)
  - Monthly reporting and/or interaction is expected, accelerating to weekly interactions in the last two months before the event.

- euRobotics and the local organiser will sign a written agreement.
  - Yes (tick the box)

- An onsite event coordinator from your organisation should be available to keep contact with the euRobotics staff.
  - I will assign an Event Coordinator (senior staff) for ERF2022
  - I will provide euRobotics with contract agreements, written offers and invoices when needed
  - Yes (tick the box)
  - Eligible costs: rental and material costs (audio-video), catering, PR consultancy, printing etc.

- Main responsibilities of the local organiser:
  - Chair the Programme Committee and propose a programme theme, review the workshop proposals and select them together with the Program Committee established by euRobotics;
  - Keep in contact with the local event organising agency for logistics;
  - Update the event website: [www.eu-robotics.net/robotics_forum](http://www.eu-robotics.net/robotics_forum) (euRobotics will grant you access to the website back-end);
  - Promote the event to the local robotics community to encourage registrations;
  - Sell exhibition and sponsoring packages to the local companies.

- Contribution of the local organiser*
  - Yes (tick the box)
  - Covering its own personnel costs for organising the ERF.

- Registration
  - Yes (tick the box)
  - The event organising agency will provide registration services to process all registrations.

- Branding: All materials will follow the branding guidelines provided by euRobotics here.
  - Yes (tick the box)
  - See branding guidelines
2.3. Contribution to the programme

- It is the organiser's privilege to suggest topics that help its visibility: What are your ideas for the ERF programme? (motto, special focus or topic, in relations to local activities in robotics)

- Which contributions to the ERF programme do you envisage to come from your organization? (lab tours, special sessions, co-located events, etc.)

The Forum is not yet “another robotics conference”.

2.4. Timing

- Which dates do you suggest for the ERF to take place and why?

- The event lasts for three days.
- For ERF2022, the preferred dates are: 15 – 18 March (where 15 March is the Members’ General Assembly) 22 – 25 March (where 22 March is the Members’ General Assembly)
- The community prefers the event to take place Tuesday (General Assembly) Wednesday-Friday (Forum).
- Dates coinciding with school/public holidays, trade fairs or other robotics events should be avoided.
- Are there any potential partnerships, e.g. with local authorities or businesses that can be formed?

  e.g. sponsoring of receptions, the banquet, ...

2.5. Venue

- Supply name and address of ideally 2 possible venues, information about their size and technical equipment, and a web link for further information. These offers can be further improved together with the selected event organising agency.

- The venue should lie in Europe. Being in the European Union or one of its associated member states is a plus.
- An appealing environment (restaurants, cafes,

| • Contract & Ticketing | I agree to sign a contract with euRobotics for the purpose of the event organisation
Yes (tick the box) | • euRobotics is responsible for the structure and level of ticket prices.
• euRobotics will decide if and what services are being needed for ticketing.
• The ticketing and registration will be managed by AIM International.

| • Financial arrangements | The event organising agency will handle all the financial arrangements (invoices, relations with suppliers)
Yes (tick the box) | • euRobotics members receive several free tickets according to their membership fees. These tickets will not be charged to euRobotics.
• The event organising agency handles the payments of suppliers’ invoices.
• euRobotics appoints Ecovis local branch to supervise the financials.

2.9. Validity
- In case your application for 2022 turns out to be unsuccessful, are you willing to host the ERF in 2023 instead?
Yes/ No
Under similar conditions as in 2022

* We are looking for financially healthy local institutions to organise the ERF2022. Proof might be required.
**There must be an emphasis placed on the sustainability of organising such an event, since euRobotics allows very limited funds to support it.

We strongly recommend that after the first submission of your application, a conference call with the euRobotics secretariat is organised to discuss it in detail.

DEADLINE FOR SUBMISSIONS: 30 June 2019 to erf@eu-robotics.net
